

Blessing Bag Instructions

On Sunday, February 14, we want to fill the stage with MRCC Blessing Bags that we will then deliver to medical professionals, first responders, nursing home residents and workers, and other groups that could use special encouragement and love during this season. Take as many empty bags as you're willing to fill!

We'd like each bag to contain several items and suggest at least one item be included from each grouping on the list below. Feel free to add more than that but remember that any food or drink items need to be commercially prepared and individually wrapped. If you are attending worship in person, you can take your filled bag(s) to the stage in the auditorium before worship on Sunday, Feb. 14. If you are not attending in person you can drop your bag(s) off during office hours Feb. 8-12.
